

OFFER TO PURCHASE

Property Perspective will offer to buy suitable properties outright, leaving potential buyers free to complete the purchase of their new property quickly and 'chain free' with no additional fees or charges.

A Property Perspective offer to purchase will move potential buyers into a position to proceed, even making them eligible for the government Help to Buy scheme.

We will consider all kinds of property, including those that don't meet some of the usual criteria, making an offer within 5 working days of appraising the property and completing within 28 days of an offer being accepted.*

Talk to our team about the benefits of an Offer to purchase today.
